

# Let the Bells ring out...

with "tone that belongs

to **GOLDEN VOICE** alone"

*"Across the land the great bells toll  
Their joyous Christmas tidings"*

In homes, on beaches, in leafy country  
glades, Healing radios take up the call,  
re-creating broadcast cheer with resonant  
clarity... with "tone, that belongs to  
Golden Voice alone." Your Healing  
dealer will gladly demonstrate.

#### HEALING CADABOUT

Goes where you go... always  
ready with a song or  
entertainment of your  
choosing. In the camera-  
size metal-and-plastic  
"compact" is a super-  
heterodyne circuit providing  
static-free reception of  
amazing range and volume.

#### HEALING COMPANION

Big entertainment in the big  
out-of-doors... or in  
rooms, powerless for want  
of "points". With a 5-valve  
circuit and 8 in. speaker.  
Companion lingers in  
faraway places more clearly  
than most mantels, and  
it's a miser on batteries.

#### HEALING MANTEL

For the modern home where the  
limitations are on space,  
not on style. 5-valve  
circuit, 8 in. console-  
size speaker, large Airplex  
edge-lit dial and cabinets  
of "all over" Ivory and  
Walnut-with-Ivory-Flutings.

#### CONSOLE SUPERIOR

achieves all-world reception  
with local station clarity.  
Combination "speed touch"  
and vernier tuning control  
pinpoint stations in a flash.

Sound flows without a  
tremor from the master  
12" speaker. The  
craftsman-built cabinet of  
two-tone grained walnut is  
in the height of "lowboy"  
fashion — an outstanding  
example of "harmony for  
the eye and the ear".
