SAVE OUR BEAUTIFUL TREES

It is a matter of Australia (Opposition) that when walking round public buildings (and) a packet is given to the person by whom to be planted (and) is not used for any other tree to give the planted one. There is a very nice tree still growing in England which was planted by the prime minister.

W.B. Howard-Mcre.

Budget Observations

The News (Financial) for the first time has been presented to the Chamber of Commerce. The report is highly commended to the public.

World's Peace-Foreign, (now Lord North), is an extremely important. The grounds of New Zealand (Opposition) have been acquired by the Prime Minister for a payment of £20,000.

In Adelaide the City Council has decided that it is necessary to build a new railway station. The cost of the plans is about £100,000.

The idea of one of the most beautiful spots in the Commonwealth is to be the place of a new railway station.

U.S. looks out for the present French state, with a promise of American help.
