The Premier of Queensland, Sir Joh, has moved a vote of censure against the Government in Queensland Parliament. This move is made as a result of a cabinet-wide meeting, which aimed to address concerns about the Government's handling of the economy.

Sir Joh is quoted as saying, "I have been informed that the Government's policies have led to a significant decline in the state's economic performance, and I believe that it is time for a change in leadership." He went on to highlight the recent decrease in employment rates and the increase in unemployment figures as reasons for his decision.

The Opposition leader, Mr. McAllister, has expressed support for Sir Joh's move, stating, "We have been waiting for this moment for a long time. It is time for a change in government policy to improve the quality of life for all Queenslanders." He added, "We will work closely with Sir Joh to ensure a smooth transition to a new government that prioritizes the needs of Queenslanders."
