Kennerley Boys Build Spacious Seaside Holiday Home

Boys from the Kennerley Home, wanting somewhere to spend a holiday, set to last Easter and built with their own hands a handsome holiday shack—spacious playgrounds and a beach on tap.

On Monday 36 youngsters moved into their new Pittwater holiday home—for a month. Eleven of the boys worked the same craftsmen as the shack—built mainly of gift materials or with money raised by the women's auxiliary. The land was donated by the Master Warden (Mr. Park, M.H.A.).

The Deputy Lord Mayor of Hobart (Mr. Mitchell), the manager of the Tramways (Mr. H. B. Murn) and the chairman of the board of governors of the home (Mr. R. S. McIntyre) yesterday called on the holiday-makers to wish them well in their venture.

With a beach (above) in their backyard, the boys will be spending much of their time swimming during these sunny days. The beach is little more than a stone's throw from the house.

The holiday hut (above) ready for occupation. It will accommodate 32 boys. The sleeping quarters, 28 by 22 ft., will be fitted out with three tiers of bunks.
