UNIFICATION.

MUST MEAN NEW STATES.

HAS SCOLLIN A SCHEME.

The Only True Statesman and Unificationist is Mr. Scollin, the Man for the Country and the Statesman the Country Needs. Mr. Scollin has said that as far as he is concerned, and as far as the majority of the country is concerned, no union is worth a mention unless it is a federal union.

The New States must be self-governing.

There is a growing feeling that the federation as it stands is not working properly. The federal government is too big, the states are too small, and the states are not getting their fair share of the federal revenue.

The only solution is to have separate states, each with its own government, and with its own voice in the federal parliament.

The Scollin Government, under Mr. Scollin's leadership, is the only government that can bring about this reconciliation and unity of the people of Australia.
