GOVT. MAY RAISE PAY OF MLC's
Premier Sees Case For Increase

Labor had not been consulted on the
plan to raise salaries of members of the
Legislative Council by £200 a year, the
Country Party Premier, Mr. McDonald, said
today.

Mr. McDonald denied that any decision
had been made on the proposal but added:
"When we do get around to examining the
position, it is possible we will agree to it."

The salary increase pro-
posed is to apply to the
seven MLCs who serve in
the Legislative Council.

Mr. McDonald said that
Labour MLC members had
planned to keep the increase
within the limits of a £200
assistance in order to make
up for deflation in the cost of
living.

The Premier said that Coun-
ty Party members who held ap-
pearance, and he expressed the hope that
the increase would be brought into
operation immediately.
