CROSS

INSTANT CURE FOR TOOTHACHE.

My Toothache Elixir has been used to severe cases, and relished in every instance.

My Elixir is a home remedy, and has been recommended to by Dr. A. J. Dobie, M.R.C.S., Surgeon by the Denitifire Company, of the Times of Great Britain.

I have also prepared an Unsurpassed Toothache powder, which I sell for ten shillings per box, which will act as an incipient germicide and prevent toothache.

My Elixir, then, is a genuine remedy which will act as a germicide and prevent toothache.

I will also furnish you with a $100 guarantee on my Elixir, which will act as a germicide and prevent toothache.
