This Should Interest You!

IT is only by keeping trade in their

own towns that country districts can

survive. For this reason the Chamber of

Commerce, the Shopping Public, and the Trading Public

must work hand in hand to keep up the impor-

tance of their district.

Therefore

A SAFE GUIDE is to shop with the

people whose names are given in our Advertising Columns. They are alive and up-to-date, and the

Shopping Public can depend on them to supply them with what they want at reasonable prices.
