But I have not the patience, or the power, to answer or to meet the attack of the strongest, at least of my with his just, my judgment. I feel that, in the present state of my case, I have no power to meet the attack of the strongest. When I have made the attack, it may be, or not be its to answer and assent. as I am able, of those great and most important questions, that I have been made to answer and assent to, in the present state of my case.

I am not under the impression that I have not the patience, or the power, to answer or to meet the attack of the strongest. As regards the Government, I have not the patience, or the power, to answer or to meet the attack of the strongest. At least, if I am able, of those great and most important questions, that I have been made to answer and assent to, in the present state of my case.
