SAYS FEDERAL BOUNDARIES TO BE REDUCED

Storm of Protest

CABAREE, Friday—A statement to the House of Representatives today by the Minister for Information, Mr. E. H. Chaffey, that all decisions would be made by the Minister at the request of the leaders of the parties, prompted a storm of protest from the Opposition benches. Mr. J. F. Cooke, member for the House of Representatives, in an interjection when Mr. Chaffey, in reply, was speaking, said the minister was making an unfair attack on the Opposition, that it was not acting in any unison, and only a minority of the members were opposing the present proposals. Mr. Chaffey's statement was made in reply to a question by Mr. G. H. Pollard, member for the House of Representatives, asking for a statement of the Government's intentions on the matter.
