REVIEW.

We have received a letter from Mr. T. D. of
Johnson's, a merchant in Hobart Town, enclosing
the following letter, addressed to his brother,
Dr. Johnson, in Hobart Town:

To the Editor of the Hobart Town Gazette.

We are almost in ignorance of the state of
the island, and we have an opportunity of knowing
that it is in great want of some new arrivals. We
are informed that the ship has arrived with
some goods, and we wish to know if there
will be any opportunity of obtaining some of
these goods.

Mr. T. D. of Johnson's.

TO WOOL IMPROVERS.

(And Every Philanthropist in Tasmania should drill
his mind with the idea.)

The late Government, in the interest of a
projected agricultural establishment, has
refused to allow any wool to be sold at a
lower price than that at which it could be
sold at the London market.

It is the custom of the Hospital to give a notice
of the death of any patient who has expired in the
service of the Government.

Walkers一所, 3d. per cent., per annum.

The terms of employment are liberal, and will be
paid for on the service being commenced.
