COAL STRIKE THREAT

Forecast to reach an agreement yesterday for selling the
coal at A. K. Hillard may be a great stoppage
among the miners before the end of February
when the agreement expires. The
matters of all miners is an important matter to
into consideration, and it must be
understood that the miners of the A. K. Hillard are
out of work at the moment.

The Prime Minister (Mr. Chifley), who recently made a
speech on the general strike, is not in a position to
accept the new proposal on the A. K. Hillard.

AUSTRIA IN TROUBLE

Austria in trouble again as a result of the German
Olympics, which were opened yesterday by
Austrian athletes. The German athletes were
met with threats of violence and vandalism.

AUSTRIAN AUTOMOBILE UNION

The Austrian Automobile Union is reported to have
signed a new agreement with the government for
the production of new cars.
