FIGHT FOR SAIPAN

U.S. Forces Gain Mt. Tapotchau

WASHINGTON, D.C., May 19—The determined assault on Mt. Tapotchau, the key objective of the recent offensive in the Marianas, was announced today by General MacArthur.

He said that Tapotchau, the last of the four peaks to be captured, was of the utmost importance to the U.S. campaign in the Pacific, and that its capture would enable Allied forces to expand the area of the island and bring it under complete control.

MACARTHUR's

Message

The general's message, which was released immediately after the announcement, read: "The capture of Tapotchau is of vital importance to our campaign in the Pacific. The island is now completely ours, and we are ready to continue the fight for the other islands in the area."

Guam and Rota Islands

ATTACK BY CHARGERS PLAYERS

Guam and Rota Islands, June 19—The Guam and Rota Islands were attacked by United States Navy aircraft today, in what is believed to be a prelude to an invasion of the islands.

The Guam and Rota Islands, which were taken by United States forces in the Marianas campaign, have been under constant enemy attack since the invasion.

Dramatic Operations

The Guam and Rota Islands had been the scene of some of the most dramatic operations of the war, and the capture of the islands was viewed as a major victory for the United States.
