

Trove Strategic Advisory Committee

Key Messages

31 October & 1 November 2024

Current Projects

TSAC members met at the National Library in Canberra for an update on a range of strategic areas including work on ICIP, inclusion and accessibility and work on an AI strategy. Updates were provided on the Trove Content Inclusion Policy and the Trove Application Roadmap, with an emphasis on the progress of the Trove Metadata Manager.

The NLA also presented work on community outreach activities, performance metrics and the progress around Trove's expansion of support for non-Library partners in the GLAMR sector.

TSAC Meeting

The Committee acknowledged the significant contribution of outgoing TSAC members Geoff Stempel and Hero Macdonald. An election will be held in early 2025 to fill both these Group B elected positions. Group B consists of partner organisations from the Traditional Plus and Premium packages.

Discovery and Delivery of NeD Collections In Trove

TSAC considered a paper from the NED Steering Group presenting survey results on discovery and delivery of the NED Collection in Trove.

Strategic Updates

Tui Raven, Senior Manager Indigenous Projects at Deakin University, presented and facilitated a discussion on Indigenous Cultural and Intellectual Property (ICIP), focusing on navigating access, protection, and cultural respect in digital records.
