

# Trove Strategic Advisory Committee

## Key Messages

18-19 April 2024

### TSAC meetings

TSAC members met at the National Library in Canberra for an update about current projects, and to discuss implications for the Trove Partner community. Held over a day and a half, the meeting also included an overview on the Library’s plans to systematically modernise elements of the Trove infrastructure, information about the new Digitisation Strategy, and a refresh planned for the Trove Strategy. Dr Jenny Ostini, the Director of Trove Community Services facilitated a workshop about inclusivity, and how it could apply to users.

The Chair of TSAC since inception, Laurie Atkinson, stood down from the position after the February meeting and the meeting was chaired by Geoff Strempe. At this meeting members decided to elect Jane Miller to the role on an ongoing basis.

### Strategic overview

The Library provided updates on the progress against the NLA’s Digitisation Strategy 2024-2028, the Trove Strategy, and the Trove Application Roadmap - January 2024 to June 2028.

#### Projects overview

- Strategic Projects  
Library staff provided an update about national resource sharing and the Trove Metadata Manager (TMM) projects.
- Streamlining data ingest  
TSAC members heard how the Library plans to streamline the way data is ingested into the ANBD and focus on inclusion of non-library potential partners such as galleries, archives and museums to increase the diversity of content in Trove. The project to migrate Partners to the OAI-PMH daily update harvest continues to progress.

### Trove Communities

The Library presented some initial user research completed by the Trove Communities section and facilitated a workshop on inclusivity and how it could apply to Trove users.
